

THE CHEVY CHASE PRESBYTERIAN CHURCH
INCLEMENT WEATHER INFORMATION
(WINTER, 2009)

If inclement weather forces us to cancel **Sunday worship services**, we will:

- Post the cancelation information on the church website at www.chevychasepc.org
- List the closure on WTOP Radio (1500AM / 103.5FM) and WJLA (ABC 7) television.
- Announce the closure on the church answering machine (202-363-2202)
- Send an email to those whom we have an email address for. (Go to www.chevychasepc.org to sign up on CCPC's email distribution system.)

If inclement weather forces **other activities at the church** such as meetings, support groups or choir rehearsals to be canceled that decision is made by the group's leaders. Whenever possible, that information will be posted on the church website and included on the telephone answering machine notice. Individual groups may send out email notification. Check with your group leaders.

If the **church offices and building are closed**, we will post that information on the web site and update the telephone answering machine. During the work week, CCPC generally follows the direction of the Federal Government in our closure decisions.

Please see separate information about the inclement weather policies of the **Weekday Nursery School and the After School Program**.
